

Annex 2

**For participants in the EVARS project - Learning Form Module 1-5**

The form is designed to draw your attention to how you can use the knowledge you have received at the course, and whether it affects the way you thought about volunteering for the course, and on how you think about volunteering after the course. The form you must complete after about one week. At that time you will have had more time to think about what the course will mean to you. Please bring this form to the module 2 of the course; then you will have your reflection during the group assignments and discussions in the groups. The questions are addressed both to the one who have not tried to volunteer, and for the one who have experiences in volunteering.

<b>Questions</b>	<b>Please write your answers below.</b> Please write your answers as concrete as possible.  <b>If you need more space, please use the back.</b>
<b>Did one of the themes particularly impress you in this module? In what way did the theme impress you?</b>	
<b>Did any part of the course made you aware of doing anything differently regarding volunteering or in the way you consider being a volunteer?</b>	
<b>How will the content of this module affect your cooperation as well as your expectations for the cooperation with the municipality and professionals?</b>	
<b>How will the content of this module affect the way you meet and cope with the needs of the citizens?</b>	

Best regards the project team in EVARS (...*please insert your names*)
